

Celebrate the Historic Tradition of May Day

Surprise someone with a handmade token of flowers, candies or a small gift!

May Day traditions date back to the 19th Century. Historically May Day baskets were filled with flowers, candies or small tokens that were left for someone unknowingly. Tradition says - if you were caught delivering a May Day basket you are supposed to get a kiss!

Today you may leave a surprise or simply share this small gift as an act of kindness. Use a basket, pail, gift bag or make a paper cone to hold your gifts!

Make a May Day Paper Cone

- Supplies
 - Hole Punch
 - Paper for cone - any paper will do
